# 2017 International Conference on Coal Science & Technology

*and 2017 Australia-China Symposium on Energy*

# 2017 ICCS&T and 2017 ACSE

Sep,25 – 29, 2017
Beijing International Convention Center，Beijing, China

## Call For Paper

**On behalf of the 2017 ICCS&T and 2017 ACSE organizing and advisory committees, we are honored to announce that the International Conference on Coal Science & Technology (ICCS&T) and Australia-China Symposium on Energy (ACSE) will be held in Beijing, China, 25-29 September 2017.**

ICCS&T aims to promote international communication and cooperation related to coal science, technology innovation and industrial development, thus advancing the world's coal science and technology. ACSE aims to provide a platform for information exchange and collaboration in the research, development and deployment of low-emission energy technologies in and between Australia and China.

The joint 2017 ICCS&T and 2017 ACSE conference will attract a diverse international audience and focus on most aspects of energy science and engineering, particularly coal science and technology, bioenergy/biofuels, fuel cells, energy storage materials and related areas of interest. Papers in both oral and poster presentation format can be submitted in any of the following topical areas:

- Coal geochemistry and mineralogy, coal structure and ash chemistry
- Coal processing: flotation technology, chemicals, equipment and computer application
- Coal combustion and pollutant removal
- Coal pyrolysis and gasification
- Gaseous and liquid fuels and chemicals from coal
- Low rank coal utilization, spontaneous combustion
- Coke, coal tar and other high value products
- Carbon capture, storage and utilization
- Biofuels and bioenergy, including co-utilization with coal
- Fuel cells, energy materials and energy storage
- Coal and energy related environmental issues
- Other aspects of energy science and engineering

ELSEVIER

**A special issue in Fuel Processing Technology will be published from the papers presented at 2017 ICCS&T and 2017 ACSE. Authors will be required to submit full-length papers to the journal after the conference. The papers submitted to the special issue will be subject to the normal peer review procedures for this journal.**

## Key Dates:

（CCT GMT+08：00）

Short abstract submission (250 words)
**15 December 2016,** opens
**31 March 2017,** closes
**30 April 2017**, short abstract technical review completed and notification of acceptance sent to authors

**30 June 2017**, extended abstract deadline (2-4 A4 pages) for inclusion in the conference proceedings
**15 August 2017**, presenters notified of session allocation
**25 – 29 September 2017**, ICCS&T/ACSE conference takes place
